

*To both my son's teachers throughout the years,*

*I wanted to thank you all for the incredibly wonderful years my boys had at DePaul. They were truly happy boys while attending and I know their high school years will never be forgotten.*

*They have made the best of friends that they will keep forever and the most significant memories they will carry with them throughout life.*

*I loved hearing them speak of how much they enjoyed your classes, stories of laughter, and so many times, what "GOATS" some of you were.*

*I enjoyed each and every parent/teacher conference, back to school night and spending fun time with you at the Fashion Shows. Sending the boys to DePaul was one of the best decisions we have ever made.*

*This is definitely NOT how I wanted their years to end. I know that Devin is upset as well, not getting to see you and get a proper good bye. I am hoping to maybe visit from time to time just to walk through the doors and extend a quick wave and possibly a hug to say hello. I will forever attend the DP tricky trays in the years to come. I will catch some of you then.*

*We truly appreciate everything you have all done for us throughout the years. You are all a very special gift to the children.*

*Until we meet again.*

*God Bless*

*The Parkyn Family*
